

# NJIT STUDENT CLUSTER COMPETITION

## INCLUSION AND EDUCATION FOCUSED

### Take advantage of unique opportunities

- Work with NJIT students to design and build a computing cluster
- Compete in a 24-hour competition against other student teams
- Listen to talks, meet like-minded students from around the world, and take part in the 24-hour HPC-a-palooza

### Work with and learn from Faculty and Industry Professionals

#### Dr. David Bader

- Creator of first Linux supercomputer
- IEEE Sidney Fernbach award
- 2021 Honorary Member National Academy of Inventors

#### Dr. Zhihui Du

- Parallel computing industry leader
- Designer of “DeepSuper21C” supercomputer
